Subject: Update

Commissioner Wright, Hope you are well. I would like to have an update on Docket 2005-270-G. I see that it is on the psc calendar for future commission consideration. I would like to know any decisions that have been made and also normally how long is the decision making process. Sincerely, Jan Ayer ps I read that the NARUC winter meetings just took place in DC and I hope that the issue of the danger of back splash meters was discussed. Thank you for your time. Also this is a new e-mail address for me, not the same as I have posted on line with my testimony in December.
